Letter no - 634/29-28 dated 31st January 19 from the Engr. submitting for sanction an estimate for the construction of the Ayurvedic College building at Mysore -

1 The estimate is for Rs 40,120/-. Against this sum, Rs 30000/- is available in terms of G.O. dated 9.2.28 which consists of a donation of Rs 15000/- from the Jagadguru Panchacharya Mahasamsthana Mysore and an equal sum contributed by Govt. from the Chetharam Savings funds. The Engr. states that the balance of Rs 10120/- should be found from the State funds in accordance

2 The Chief Engineer states that the estimate does not include provision for the usual establishment, Tools & Plant charges on the sum of Rs 30000/- contributed by the donor.

3 The Senior Surgeon has stated it is very essential that provision should be made in the building for the Insane section but the C E states that it is too late to propose additions to the building as the construction work has advanced to the original plan up to the basement level already & that under the circumstances an estimate for the construction of a separate block of building for the Insane section within the Jail compound may be considered. - In order to

1) Sanction the Govt. Contribution.
2) Make the orders. Cost from State Funds
3) Addition of a Block for Insane from the Donor's Contribution
4) Planning the College as Ayurvedic & Unani College.

I agree as regards 1, 3 and 4. As regards 2 the excess over Rs 3000 may be met from the P.W. Budget It is only fair that the general revenues should contribute to the cost of the building. The Chalkam Savings Fund can with effort spare anything more than Rs 1500.

Letter No. C.1124-1 dated 9th November 1928, from the Senior Surgeon with the Government of Mysore to the Superintending Engineer, Mysore Circle, Mysore.

In forwarding herewith the plans and estimates for a building for the Ayurvedic College at Mysore received from the Executive Engineer, Special Division, Mysore, I have the honor to state that Government have in their order No.253-5/Muz.368-26-19 dated the 1st August 1928, sanctioned a scheme for the combined Ayurvedic and Unani College and not for either College separately. The scheme includes provision for the teaching of the Unani system and the Institution of 24 scholarships for that purpose. In these circumstances, it appears to me to be very essential, that provision should be made in the building for a set of examining, prescribing, compounding and dressing rooms for the Unani Section on the same plan as for the Ayurvedic Section.

The College will also have to be designated, in conformity with the approved scheme, as the Ayurvedic and Unani College.

Construction of a building for the Ayurvedic College at Mysore.

With reference to G.O. No.1322-5/Muz.368-26-17 dated the 9th February 1928, I have the honor to forward herewith for sanction of Government, an estimate amounting to Rs.16,130 for the above work.

2. The report accompanying the estimate explains the necessity for the work and the provisions made.

3. The Senior Surgeon in Mysore and the donor have countersigned the estimate in token of their approval.

4. The Senior Surgeon while returning the estimate and the plan countersigned, has stated that provision will have to be made for the Unani Section also. A copy of his letter No.C.1124-1 dated the 9th November 1928 xxx to the Superintending Engineer is enclosed for ---- information. It is however too late to propose additions to the --- building as the construction work has advanced as per original plans up to the basement level already. An estimate for the construction of a separate block of building for the Unani Section within the same compound may be considered separately, under the circumstances.

5. As ordered in G.O.No.1322-5/Muz.368-26-17 dated the 9th February 1928, the cost of the work will have to be met out of the contribution of Rs.15,000/- given by the donor and a similar sum to be made ------ available from Chattram Savings Fund. The source for meeting the ---- balance may have to be indicated.

5. Provision has not been made towards the usual establishment and Tools and Plant charges on the sum of Rs.15,000 contributed by the -- donor.

7. Very early sanction to the estimate is requested as the work -- has already been put in hand and has to be completed early.

P. Srinivasa Iyengar, Esq., P.A., P.L.,

Financial Department.

Very well. Please issue orders in the required purport

SIR, 16/1

With reference to your letter No.1248/Muz.1-28 dated 27th December 1928 and in continuation of this office letter No.664/27-28 dated 7th January 1928 re construction of the Ayurvedic College building at --- Mysore, I have the honor to state that the Chairman of the Mysore City Improvement Trust Board has made a further demand for a sum of Rs.1[illegible]/- on account of the cost of 2222 sq.yards of land belonging to the Trust Board made available for the construction of the College. (Vide copy of letter No.723 dated 13th December 1928 enclosed) Thus a total sum of Rs.14,144/- is now required for acquisition purposes and for the cost of the site.

2. The estimate for Rs.46,120/- sent with this office letter of the 4th instant includes a sum of Rs.4240/- towards compensation for lands acquired. As this amount was placed at the disposal of the Chairman and paid to the parties concerned, it has to be omitted from the ------ estimate. The estimate therefore reduces itself to Rs.41,880-0-0 ---- against which a sum of Rs.30,000-0-0 is available and the balance of - Rs.11880-0-0 has to be met from the State Funds as already recommended.

3. Against an estimated income of Rs.65000-0-0 (including the opening balance) an expenditure of Rs.67500-0-0 has been budgetted in respect of the chattram savings Fund for 1928-29 and while sanctioning the --- budget Government have directed that the resulting deficit if it ----- materialises in the ~~in the~~ actuals of the year, should be met by the --

the sale of securities to the extent necessary. Having regard to the resources of the Chattram Savings Fund and the demands on it, it does not seem possible to make available any portion of the --- additional cost required for acquisitom purposes unless the investments held in Savings Bank Fixed Deposit and in loan bonds are sold to the extent necessary. If this is done the income of the Fund will be -- reduced permanently.

I beg therefore to recommend that the additional amounts required both on account of the acquisition and construction, viz., Rs-26324-0-0 may be sanctioned from State Funds.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

SIR,

In continuation of this office letter No.1136/23-24 dated 16th January 1929 recommending that the additional amount required towards the acquisition and construction of the Ayurvedic College Mysore viz., Rs.26,324/- may be sanctioned from State Funds etc., I have the honor to forward herewith copy of letter No.634/27-28 dated 1st February 1929 together with the enclosures received from the Chief Engineer of Mysore, and to state that the estimate for ---- electric installation in the building, prepared by the Electrical Department, has come up to Rs. ,774/- as against a lumpsum provision of Rs.750/- in the original general estimate already submitted to you with this office letter No.634/27-28 dated 31st January 1929, resulting in an excess of Rs.1,024/-.
